TALKING TO THE SKY

AIMEE MAYO grew up in deep alabama, rocked by the blow of a drunk man's first before she even made it out the womb. her colour and charismatic father went from a gambling janitor to a multi millionaire, but died homeless. Her mother was wonderful when she wasn't popping pain pills like M&M's and her stepdad made a weird science out of psychological abuse. Throughout her teens, Aimee survived by writing compulsively in diaries dreaming of becoming a songwriter and finding her soulmate.

After accidentally burning down her house - just one in a series of -at twenty years old Aimee found herself lost with no path to the life she had always longed for. She tried to kill herself and almost succeeded.

AIMEE MAYO is a Grammy-nomination song writer and author. Her songs have spent twenty-six weeks in spot on the billboard charts, and albums featuring her songs have sold over 1.55 million units worldwide. She is primarily known for writing hits for artists
