# ACKNOWLEDGEMENT

One of the pleasant aspects of preparing these assignments is the opportunity to thank all of those who have contributed to make this work possible.

I am extremely thankful to my Ma'am Mrs. Purvi Chaudhary, whose active interest in my assignments and insight, helped me to formulate and implement my approach to the project.

I am also thankful to my elder sister and friends who inspired and helped me directly and indirectly in every way possible, in the completion of this portfolio.

## *midnight* BALLERINA

"When I grow up, I'm going to be a dancer, I just know it"

Life doesn't always work out how you want, even for Monroe Harley. Burying her dream of being a ballerina, she sets off to college, determined to prove her independence. When life catches up with her, stripping away her resources, she slowly turns towards an unlikely profession. Miller Buchanan has enough on his plate; he doesn't need anyone or anything else to worry about. When a petite dark haired beauty falls into his lap, despite his personal demons, he can't stay away. Temptation and possibility linger, but when Monroe's past comes knocking will she trade them for the familiar? Or will she continue on the path of the unknown?
